

QUALITY POLICY STATEMENT

ACN: 164 680 086 | ABN: 91 164 680 086

Address: Robotic Systems
1/45 The Avenue
Maryville, NSW, 2293
Phone: 02 4967 1072

The purpose of Robotic Systems is to make amazing hardware. This is because we believe the most important technological advancements will be hardware based. Our vision is to have a hand in some of the greatest hardware technology development of our time and become the partner of choice for end to end industrial technology development, manufacture & support.

A key platform in meeting this vision is to provide industry leading service and outcomes through the application of our ISO 9001:2015 accredited quality management system. To meet these objectives Robotic Systems will;

RISK MANAGEMENT

Maintain and monitor a corporate risk register and their impacts on business, outcomes and stakeholders

OPERATIONAL PROCESS

Identify, document, maintain and audit key business processes in design and manufacturing to ensure all work meets the agreed standard prior to delivery to our customers.

TEAM AND RESOURCES

Ensure our team has the required qualifications, training, resources, environment and support required to complete their tasks and responsibilities.

CUSTOMER FEEDBACK

Collect, review and action customer feedback for all completed projects

CONTINUAL IMPROVEMENT

Provide a formalised process for team members to undertake capability development and continuous improvement for themselves and Robotic Systems.
